Canal Boat Volunteers Required for 2025

The Pirate Castle is currently looking to recruit some additional volunteers to join our canal boat crew team.

As an accredited NCBA (National Community Boats Association) training centre, we provide fully-certificated training which enables our volunteers to train up to crew or skipper level - depending on how far they want to take their training / involvement.

If you'd like to get out onto the waterways, learn new skills, enjoy making new friends and would like to receive free training while helping to make a difference to our amazing community boating charity, we'd love to hear from you!

For more information and / or to discuss further, please email either info@thepiratecastle.org [1] or andrew@thepiratecastle.org [2].

We look forward to hearing from you soon!

YarrRRrr!
