## Canal Boat Volunteers Required for 2025

**The Pirate Castle is currently looking to recruit some additional volunteers to join our canal boat crew team.**

As an accredited NCBA (National Community Boats Association) training centre, we provide fully-certificated training which enables our volunteers to train up to crew or skipper level - depending on how far they want to take their training / involvement.

If you'd like to get out onto the waterways, learn new skills, enjoy making new friends and would like to receive free training while helping to make a difference to our amazing community boating charity, we'd love to hear from you!

For more information and / or to discuss further, please email either [info@thepiratescastle.org](mailto:info@thepiratescastle.org) [1] or [andrew@thepiratescastle.org](mailto:andrew@thepiratescastle.org) [2].

We look forward to hearing from you soon!

YarrRRrr!
